SKILLS

Programming:-

Python

C

Web technologies :-

HTML

CSS

JavaScript

Backend :-

Flask

Database :-

MySQL

Tools:-

Git

Github

VS Code

MySQL Workbench

Operating Systems:-

Windows

Mac

LANGUAGES

English

Tamil

OBJECTIVE

To secure an internship in cloud computing where I can apply my foundational knowledge, gain hands-on experience, and enhance my technical skills while contributing to organizational growth.

EDUCATION

SSC	2022
Elena Bettini english medium high school	
Intermediate board of secondary education	2022-2024
Sri Chaitanya junior College	
B.tech	2024-2028
Madanapalle institution of technology and science	

PROJECTS

Student Management System

Developed a full-stack Student Management System using Python, Flask, HTML, CSS, JavaScript, and MySQL. Implemented CRUD operations to add, view, update, delete, and search student records. Integrated a MySQL database for efficient data management and used Git/GitHub for version control.

Bus Pass Management System

Built a Bus Pass Management System using Python, Flask, HTML, CSS, JavaScript, and MySQL. Developed features for student registration, bus pass application, status tracking, and pass management. Implemented CRUD operations and database integration to ensure secure and efficient record management.

AI Chat Box

Developed an interactive AI Chat Box using Python, Flask, HTML, CSS, and JavaScript. Designed a responsive chat interface and implemented backend logic to process user queries and display AI-generated responses, providing a smooth and user-friendly conversational experience.

Data Redundancy Removal System

Developed a Python-based application to identify and eliminate duplicate data records, improving storage efficiency and data accuracy. Applied data processing techniques to automate redundancy detection and optimize data management.

Online Book Store

Developed a responsive Online Book Store website using HTML, CSS, JavaScript, and Flask. Designed an intuitive interface for browsing books and implemented backend functionality with MySQL to manage book information and user interactions.

CERTIFICATIONS

Infosys - AZURE Fundamentals:Cloud Computing

Infosys - Cloud Technologies

Nasscom-Acquiring Data

Microsoft skill up and Simple learn -Introduction to MS Excel

University of Michigan -programming for everybody(Getting started with python)

Sololearn-java programming language

INTERNSHIP EXPERIENCE

App development in Launch-ed company

Full stack development in DVein innovation private limited company

Cloud computing in CodeAlpha
